

## **SHEILA WILMOT**

My name is Sheila Wilmot. I moved into the Swanley area and wanted to get more involved with the community. My children are now grown up and I am currently a civil servant working in a finance role. I also worked previously as a teaching assistant in a primary school. Therefore, I am able to use my knowledge and current skills in shaping the way forward for the governing board and the school. I am currently the chair of Governors - a role which I find challenging but rewarding. I will do my utmost being part of the recruitment panel to recruit an exceptional headteacher to fit the family community that is High Firs.
